## The Power of a Life Group Joshua's Life Group Exodus 17:8

### 1) Life Group Summary

- Our lives are Christ.
- It is His desire and design for us to serve Him with others.
- He transforms us into His image when we focus on others.

### 2) A Perfect Picture of How God does this

- Amalek is a picture of Satan.
- Moses is a picture of a Life Group Leader.
- Aaron and Hur are members of the Life Group.
- The Staff of God is a symbol of God's power.
- The top of the hill is a place of intercessory prayer.
- Joshua is the Life Group member who is in the battle.

### 3) The Power of a Life Group

- Your Life Group cannot physically be with you every moment of every day. These are the times Satan will come against you.
- Your Life Group can be with you spiritually every moment of every day through prayer.
- You need more than one person praying for you because they will eventually get tired.
- When they pray, you win. When they don't you lose.

### 4) What encourages us to pray with one another and for one another?

- The knowledge that we will fail without prayer.
- The record of our answered prayers and praises.
- The certainty that the Lord is my Banner, I have the "helping" hand that comes from the Throne of God.
